MEMORANDUM FOR HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: Matthew J. Vaeth, Acting Director, Office of Management and Budget 

SUBJECT: Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs

The American people elected Donald J. Trump to be President of the United States and gave him a mandate to increase the impact of every federal taxpayer dollar. In Fiscal Year 2024, of the nearly \$10 trillion that the Federal Government spent, more than \$3 trillion was Federal financial assistance, such as grants and loans. Career and political appointees in the Executive Branch have a duty to align Federal spending and action with the will of the American people as expressed through Presidential priorities. Financial assistance should be dedicated to advancing Administration priorities, focusing taxpayer dollars to advance a stronger and safer America, eliminating the financial burden of inflation for citizens, unleashing American energy and manufacturing, ending “wokeness” and the weaponization of government, promoting efficiency in government, and Making America Healthy Again. The use of Federal resources to advance Marxist equity, transgenderism, and green new deal social engineering policies is a waste of taxpayer dollars that does not improve the day-to-day lives of those we serve.

This memorandum requires Federal agencies to identify and review all Federal financial assistance<sup>1</sup> programs and supporting activities consistent with the President’s policies and requirements.<sup>2</sup> For example, during the initial days of his Administration, President Donald J. Trump issued a series of executive orders to protect the American people and safeguard valuable taxpayer resources, including *Protecting the American People Against Invasion* (Jan. 20, 2025), *Reevaluating and Realigning United States Foreign Aid* (Jan. 20, 2025), *Putting America First in International Environmental Agreements* (Jan. 20, 2025), *Unleashing American Energy* (Jan. 20, 2025), *Ending Radical and Wasteful Government DEI Programs and Preferencing* (Jan. 20,

---

<sup>1</sup> 2 CFR 200.1 defines Federal financial assistance to mean “[a]ssistance that recipients or subrecipients receive or administer” in various forms, but this term does not include assistance provided directly to individuals. For the purposes of this memorandum, Federal financial assistance includes: (i) all forms of assistance listed in paragraphs (1) and (2) of the definition of this term at 2 CFR 200.1; and (ii) assistance received or administered by recipients or subrecipients of any type except for assistance received directly by individuals.

<sup>2</sup> Nothing in this memo should be construed to impact Medicare or Social Security benefits.

2025), *Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government* (Jan. 20, 2025), and *Enforcing the Hyde Amendment* (Jan. 24, 2025). These executive orders ensure that Federal funds are used to support hardworking American families.

To implement these orders, each agency must complete a comprehensive analysis of all of their Federal financial assistance programs to identify programs, projects, and activities that may be implicated by any of the President's executive orders. In the interim, to the extent permissible under applicable law, Federal agencies **must temporarily pause** all activities related to obligation or disbursement of all Federal financial assistance, and other relevant agency activities that may be implicated by the executive orders, including, but not limited to, financial assistance for foreign aid, nongovernmental organizations, DEI, woke gender ideology, and the green new deal.

This temporary pause will provide the Administration time to review agency programs and determine the best uses of the funding for those programs consistent with the law and the President's priorities. The temporary pause will become effective on January 28, 2025, at 5:00 PM. Even before completing their comprehensive analysis, Federal agencies must immediately identify any legally mandated actions or deadlines for assistance programs arising while the pause remains in effect. Federal agencies must report this information to OMB along with an analysis of the requirement. OMB also directs Federal agencies to pause all activities associated with open NOFOs, such as conducting merit review panels.

No later than February 10, 2025, agencies shall submit to OMB detailed information on any programs, projects or activities subject to this pause. Each agency must pause: (i) issuance of new awards; (ii) disbursement of Federal funds under all open awards; and (iii) other relevant agency actions that may be implicated by the executive orders, to the extent permissible by law, until OMB has reviewed and provided guidance to your agency with respect to the information submitted.

OMB may grant exceptions allowing Federal agencies to issue new awards or take other actions on a case-by-case basis. To the extent required by law, Federal agencies may continue taking certain administrative actions, such as closeout of Federal awards (2 CFR 200.344), or recording obligations expressly required by law.

Additionally, agencies must, for each Federal financial assistance program: (i) assign responsibility and oversight to a senior political appointee to ensure Federal financial assistance conforms to Administration priorities; (ii) review currently pending Federal financial assistance announcements to ensure Administration priorities are addressed, and, subject to program statutory authority, modify unpublished Federal financial assistance announcements, withdraw any announcements already published, and, to the extent permissible by law, cancel awards already awarded that are in conflict with Administration priorities, and; (iii) ensure adequate oversight of Federal financial assistance programs and initiate investigations when warranted to identify underperforming recipients, and address identified issues up to and including cancellation of awards.

### MEMORANDUM FOR HEADS OF DEPARTMENTAL ELEMENTS

FROM: INGRID C. KOLB  
ACTING SECRETARY

A handwritten signature in blue ink, reading "Ingrid C. Kolb", is written over the typed name and title.

SUBJECT: Agency-wide Review of Program and Administrative Activities

As we navigate through this transition period for a new Administration within the Department of Energy (DOE), it is imperative to ensure a deliberate approach to the Administration's programmatic and administrative policies and priorities. To that end, effective immediately and until further notice, prior to any actions or decisions on all herein described activities, a review under varying criteria will be undertaken to ensure all such actions are consistent with current Administration policies and priorities, including budgetary priorities.<sup>1</sup> The broad spectrum of actions include but are not limited to: personnel actions; awarding of grants, loans, funding opportunities, and cost sharing agreements; contracting, procurement announcements, and actions; rulings, decisions or other actions on any applications, enforcement action, or settlements of any contested matter; submissions to the Federal Register for publication; and the publication or announcement of reports, studies, congressional correspondence, and public statements. This includes all studies or reports that are either ongoing, set to be released, are already under review, or have not yet begun.

The reviews are necessary to facilitate a comprehensive review of the Department's ongoing activities and to align these efforts with Congressional authorizations and the Administration's priorities, to ensure that resources are allocated efficiently, and that the Department's initiatives are in line with the statutory mission of DOE and the priorities of the Administration.

As discussed below, a process will be in place for the submission of requests for action by the Secretary (acting) to ensure the important work of the Department continues to serve the American people.

#### Scope of Actions:

1. **Personnel Actions:** All personnel actions, including appointments, promotions, and transfers, are to be halted. This includes both internal staff movements and external hiring processes, unless expressly and unambiguously authorized with the prior approval of the acting Secretary, after the date of issuance of this order.

---

<sup>1</sup> With respect to NNSA, nothing herein is intended to contradict 50 USC Ch. 41 but to be construed broadly consistent with the Secretary's authority thereunder, include §2402(d).

2. **Procurement Announcements and Actions:** Any announcements or awards regarding procurement opportunities and contracts are to be put on hold, other than for routine building operations and supplies for contracts with a value of less than \$100,000. This includes, but is not limited to, requests for proposals (RFPs), requests for quotations (RFQs), and contract negotiations. Such approvals will be made in writing by the Secretary (acting) or the Head of Departmental Element with the prior approval of the Secretary (acting).
3. **Funding Actions:** All funding and financial assistance activities including loans, loan guarantees, grants, cost sharing agreements, funding opportunity announcements, and contracts shall not be announced, approved, finalized, modified, or provided until a review of such takes place to ensure compliance with Congressional authorization and Administration policy. Such approvals will be made in writing by the Secretary (acting) or the program head with the prior approval of the Secretary (acting).
4. **Release of Reports, Studies, Congressional Correspondence, and Public Announcements:** Submission of actions to the Secretary (acting) for approval shall be completed through relevant program heads prior to continuation of development and dissemination of any reports, studies, requests for information (RFIs) or congressional correspondence, including both finalized documents and those in draft form; conducting and scheduling public meetings related to any studies or reports. Relative to studies and reports being conducted by the National Laboratories, approvals must be obtained by the Head of Departmental Element with concurrence by the Administration designee within the Departmental Element. If reports or studies are subject to statutory or other requirements, a request for waiver from the reviews may be made to the Secretary (acting), who may grant the waiver. Submission of actions to the Secretary (acting) for approval shall be completed before publishing any Department social media posts, press releases, or other public announcements including website changes, even if previously scheduled and approved.
5. **Federal Register Notices:** Nothing should be sent to the Federal Register (FR) for publication without written approval of the Secretary (acting) or designee. The Office of the General Counsel is directed to: (i) immediately withdraw all items that have been submitted to the FR but have not yet been published, and (ii) provide the Secretary (acting) by noon on January 23 a list of all items that have been published but have not yet reached the date by which any such item is considered final (including the date such item becomes final).
6. **Actions under the National Environmental Policy Act (NEPA):** NEPA work may continue. However, the Secretary (acting) shall be informed of all NEPA work by January 24, 2025; or if new action is taken, at least 10 days before initiated. The scope of the NEPA reviews shall be reviewed by the Principal Deputy General Counsel or other person as designated by the Secretary (acting). Final Environmental Assessments and Environmental Impact Statements shall be

reviewed and approved by the Principal Deputy General Counsel or other person as designated by the Secretary (acting).

The reviews shall be conducted by all DOE offices, field offices, National Laboratories, and NNSA. There are no exemptions other than for routine building operations and supplies for contracts with a value of less than \$100,000 without prior approval by the Secretary (acting).

**Rescinding of Signature Authority.**

To ensure compliance with this Directive, all signature authority for any of the actions provided herein are rescinded. Any actions requiring signature authority should not proceed until explicit authorization is provided in writing by the Secretary (acting) or designee.

The heads or administrators of each of the program, administrative, and support offices, National Laboratory Directors, field offices, and NNSA shall immediately disseminate this memorandum within their respective organizations and ensure full compliance with the directives as applicable.

Further guidance regarding the full resumption of activities, results of the review process, additional changes in DOE priorities, interagency collaboration, and legal compliance guidance will be forthcoming. Your cooperation and understanding are greatly appreciated as we work to enhance the effectiveness and efficiency of the Department.

## MEMORANDUM TO THE HEADS OF DEPARTMENTS AND AGENCIES

FROM: Matthew J. Vaeth, Acting Director, Office of Management and Budget

Kevin Hassett, Assistant to the President for Economic Policy and Director of the National Economic Council

SUBJECT: Guidance Regarding Section 7 of the Executive Order *Unleashing American Energy*

The directive in section 7 of the Executive Order entitled *Unleashing American Energy* requires agencies to immediately pause disbursement of funds appropriated under the Inflation Reduction Act of 2022 (Public Law 117-169) or the Infrastructure Investment and Jobs Act (Public Law 117-58). This pause only applies to funds supporting programs, projects, or activities that may be implicated by the policy established in Section 2 of the order. This interpretation is consistent with section 7's heading ("Terminating the Green New Deal") and its reference to the "law and the policy outlined in section 2 of th[e] order."

For the purposes of implementing section 7 of the Order, funds supporting the "Green New Deal" refer to any appropriations for objectives that contravene the policies established in section 2. Agency heads may disburse funds as they deem necessary after consulting with the Office of Management and Budget.

**MEMORANDUM**

**SUBJECT:** Inflation Reduction Act and Infrastructure Investment and Jobs Act Funding Action Pause

**FROM:** Gregg Trembl, Chief Financial Officer (Acting) **GREGG TREML**

**TO:** Deputy Assistant Administrators  
Deputy Associate Administrators  
Deputy Regional Administrators

Digitally signed by

This message is being provided based on instruction from OMB.

In accordance with the Executive Order [\*Unleashing American Energy\*](#), unobligated funds (including unobligated commitments) appropriated by the Inflation Reduction Act of 2022 (P.L. 117-169) and the Infrastructure Investment and Jobs Act (P.L. 117-58) are paused. Pursuant to this pause, the Compass financial system will temporarily not allow obligations to be made in these lines of accounting. EPA is in discussions with the Office of Management and Budget on the continuation of payroll in IIJA and IRA.

Additionally, all disbursements for unliquidated obligations funded by any line of accounting including funds appropriated by the Inflation Reduction Act of 2022 (P.L. 117-169) and the Infrastructure Investment and Jobs Act (P.L. 117-58), are paused. Additional details on the pause in disbursements will be provided separately by the Office of the Controller.

This pause will allow for the review of processes, policies and programs as required by Section 7 of the Order.

All related actions, including new contract, grant, rebate and interagency actions, to include drawdowns, for IIJA and IRA are paused. Offices are not to put IIJA or IRA lines of accounting on any actions and all current actions are paused. Further, no IIJA or IRA funded travel is permissible at this time and all upcoming travel funded from either should be cancelled.

A process has been established at OMB for their review and approval of obligations and disbursements based on the Order. We will continue to update the community. We appreciate your work to ensure compliance with the Order.

**Instructions for Federal Financial Assistance Program Analysis in Support of M-25-13**

All Federal agencies that provide Federal financial assistance are required by **February 7, 2025** to complete the attached spreadsheet and submit it to OMB. The information requested must be provided for any program that has funding or activities planned through March 15. Agencies are encouraged to complete this task for all their programs as soon as possible. OMB will be following up with additional deadlines for subsequent periods.

Using the spreadsheet provided, locate or filter the spreadsheet to isolate the agency's list of Federal programs (by Assistance Listing number) and complete the requested information for each program (represented in columns C-G). Agencies should add additional lines to the spreadsheet to include any programs not listed in the spreadsheet.

- Column B:** Sub-Agency or component.
- Column C-G:** These columns contain pre-populated information on each Assistance Listing program.
- Column H:** Identify the email of the senior political appointee responsible for overseeing this program.
- Column I:** Indicate if the program has any pending funding announcements.
- Column J:** Indicate if this program has any anticipated obligations or disbursement of funds through 3/15/2025.
- Column K:** Indicate if this program has any statutory requirements mandating the obligation or disbursement of funds through 3/15/2025.
- Column L:** Provide the estimated date of the next obligation or disbursement of funds.
- Column M-T:** Provide responses to each of the questions (Yes/No).
- Column U:** Provide any additional relevant information on program or project activities.

Submit the spreadsheet no later than February 7, 2025 to: [FFAPPlans@omb.eop.gov](mailto:FFAPPlans@omb.eop.gov).

OMB will review each agency submission and will communicate additional information to each Federal agency through the agency Senior Financial Assistance Official and the Points of Contact provided.

This message provides an update pursuant to the recent [Court directive](#) addressing financial assistance. The Court directs that federal financial assistance shall not be paused based on the Office of Management and Budget's direction in the rescinded OMB memorandum or the President's Executive Orders, while ongoing litigation proceeds or until otherwise directed by a Court.

Consistent with the Order, the agency's financial system will now enable the obligation of financial assistance. This includes programs within the Infrastructure Investment and Jobs Act and the Inflation Reduction Act, including federal financial assistance in the State and Tribal Assistance Grants, Brownfields, and Superfund. The Office of Budget will follow-up with a detailed list. Additionally, the disbursement of funds connected to this notice will continue.

OCFO, working closely with the Office of General Counsel and Office of Mission Support, will continue to keep the community updated on this matter.

Upon confirmation, EPA Administrator Lee Zeldin pledged to enthusiastically uphold the EPA's mission and our moral responsibility to be good stewards of our environment for generations to come. With that commitment is the promise to be accountable for the Agency's use of hard-earned American taxpayer dollars.

Congress has been clear on the need for oversight of funds provided to the Agency in the Inflation Reduction Act (IRA) (Pub. Law 117-169, Aug. 16, 2021, 136 Stat 1818) and other funding programs that may be improperly utilized. However, over the course of the prior Administration, several reports and investigations have raised serious concerns with the implementation of certain grant programs and subsequent grant awards.

Problems with implementation of these funding programs were egregiously confirmed from documented statements by Biden-Harris Administration political appointee staff at EPA describing the Agency's then funding push as "throwing gold bars off the Titanic."

In one example of the potential problematic implementation of programs, to expend, the Biden-Harris Administration utilized an external financial agent to hold funding, which is the first time the Agency has ever operated a grant funding program in that manner which could limit Agency oversight.

Not only have these instances been well documented, but during his confirmation hearing before the U.S. Senate Committee on Environment and Public Works and through additional Congressional requests, Administrator Zeldin has been specifically asked to ensure accountability of Agency funding. These documented accounts of potential waste, fraud, and abuse of hard-earned American taxpayer dollars warrant further attention and oversight.

For these reasons, I am directing our leadership team and all Agency personnel as follows:

Agency personnel shall immediately initiate and conduct an internal review of all relevant grant programs, grant awards, grants that have not yet been awarded and obligated to specific individuals or entities (e.g., notices of funding opportunities), and issued grants. This includes a review of payments on all grant programs and awards where Agency personnel suspect that the grant is unlawful or contrary to Agency policy priorities, or suspect that the grant program implementation or payment might be fraudulent, abusive, duplicative, or implemented in a way that failed to safeguard Agency dollars.

This directive shall be implemented by personnel in the Office of the Chief Financial Officer, the Office of Mission Support, and all relevant program and regional offices responsible for the execution of the Agency's programs, consistent with all notice and procedural requirements in each affected award, agreement, or other instrument. Whenever a program or award has been identified, Agency personnel shall utilize all available means to ensure necessary review for any administrative and criminal violations.

If any program, award, or action is deemed inconsistent with necessary financial and oversight procedural requirements or grant conditions, the Agency shall, where permitted by applicable law, take immediate action to ensure compliance. This includes coordination and further referral to the Office of the Inspector General and other entities to ensure full accountability and prosecution where applicable.

Notwithstanding this directive, any disbursements on open grant awards that were paused due to Office of Management and Budget Memorandum M-25-13 or any Executive Order underlying that Memorandum shall continue to be immediately released, as the Agency initiated on February 3, 2025.

Thank you for your continued service to ensure the effective implementation and use of taxpayer dollars.
